Nielsen's Heuristics Violated:

Heuristic	Violation Rating (0 - 4) **4 is a heavy violation** **0 is no violation**	Issue Description
Visibility of System Status	0	Shows the users that have access and whether the list is public or not
Match Between System and Real World	0	Familiar symbols and terms
User control and freedom	1	There is a done button but perhaps a cancel button in addition would help clear confusion
Error Prevention	2	Making the public button red to show that it has not been shared might not be intuitive enough
Consistency and Standards	0	Consistent with how sharing usually works for Google
Recognition vs Recall	0	Familiar system for new users to use
Flexibility and Efficiency of Use	0	Easy to quickly use
Aesthetic and Minimalist Design	0	No overload of information and no scrolling
Help Users Recognize, Diagnose, and Recover from Errors	2	Not the best at helping people unshare from someone
Help and Documentation	2	No documentation for this page
